Discovery Checklist	☐ Burping	
Please check any/all that apply	☐ Hiccupping	
J, J	☐ Gas	
Name:	☐ Constipation☐ Slow eating	Head / Neck / Tension (Adults)
Date:	☐ Slow eating☐ Rapid eating behaviors	☐ Frequent headaches
DOB:	☐ Tongue thrusts forward during swallowing	☐ Jaw / facial pain / tension
	☐ Back of the tongue doesn't lift during	☐ TMJ treatment past
	swallowing	☐ TMJ treatment current
	☐ Difficulty with breathing while eating	☐ Clenching / grinding
Infancy/Early Childhood	☐ Open mouth chewing	□ Neck tension / pain
☐ Difficulty nursing or used a nipple shield	☐ Use of liquids to swallow	☐ Shoulder tension
☐ Bottle-fed more than 50% of the time	☐ Difficulty swallowing pills	☐ Forward head posture
☐ Trouble with (or medicated for) reflux	☐ Strong gag reflex	□ Other:
☐ Colic symptoms or crying a lot, and	☐ Picky with textures	
unhappy	☐ Choking	
☐ Spit up often	☐ Prefer soft / easy to chew foods	
☐ Gassy	☐ Other:	Sleep
☐ Messy feeding		☐ Occasional snoring
☐ Chronic congestion		☐ Frequent, snoring / loud breathing
☐ Gagging/choking/coughing when eating		☐ Sleep in strange positions
□ Noisy / mouth breathing		☐ Wakes easily or often
☐ Multiple ear infections		☐ Prolonged bed wetting
☐ Tubes placed	Tongue-Tie History	☐ Wakes tired and not refreshed
☐ Difficulty transitioning to solid foods		☐ Restless sleeping
☐ Other:	☐ Lingual frenectomy as a baby	☐ Tooth grinding / clenching
	☐ Family members with tongue-ties	☐ Grinding appliance
	☐ Tongue-tie previously diagnosed	☐ Sleeps with mouth open
	☐ Labial / buccal tie suspected	☐ Sleep apnea test taken / suggested
	☐ Previous frenectomy? When?	☐ Previous sleep disordered breathing
		diagnosed
Attack / Developing Comment		☐ Fatigue / daytime drowsiness
Airway / Breathing Concerns		☐ Snoring appliance
☐ Asthma / other breathing condition		☐ Frequent urination
□ Allergies	Sucking/ Toxic Oral Habits	☐ Night terrors
\square Dry, chapped lips		☐ Night sweats
☐ Chronic congestion	☐ Thumb / finger sucking	☐ Wakes with headache
☐ Deviated septum	□ Prolonged pacifier use□ Other habit:	□ Other:
□ Nasal surgery	☐ Other habit:	
☐ Tonsils or adenoids removed		
☐ Tonsils enlarged		
☐ Mouth breathing%		Pohavior Challenges
□ Nasal breathing%	Dental	Behavior Challenges
☐ Trouble catching breath	☐ Large spaces	☐ Sensory processing
Over breathing / sighing	☐ Tipped teeth	☐ Oppositional defiance
☐ Other:	☐ Current ortho	☐ Hyperactivity / Inattention
	☐ Ortho relapse	☐ Other:
	☐ Cervical headgear	
	☐ Expansion needed	
	□ Previous expansion	
	☐ High, narrow palate	Medical Conditions / Prescriptions
	☐ Dental crowding	
Oral Resting Posture	☐ Permanent teeth extracted	
☐ Full tongue rests on roof of mouth	☐ Using an oral appliance:	
☐ Tongue rests in floor of mouth	☐ Tongue crib or past habit corrector	
☐ Tongue pushes on teeth	☐ Past jaw surgery	
☐ In-between resting tongue	☐ Recommended jaw surgery	
☐ Open mouth posture%	□ Other:	
☐ Lips sealed		
☐ Lips parted		
☐ Lips unable to close		
☐ Other:		
_ Julian		
	Speech	
	·	
	☐ History of speech therapy	
B	☐ Trouble with certain sounds	
Digestive / Eating Behaviors	☐ Difficulty speaking fast	
☐ Frequent digestive issues	☐ Speech delay	
\square Reflux: unmedicated	☐ Stuttering / mumbling ☐ Trouble projecting voice	
☐ Reflux: medicated	☐ Trouble projecting voice	

 \square Bloating
